## PROFESSIONAL SUMMARY

---

Motivated Computer Engineering student with a strong foundation in JavaScript, TypeScript, and Angular, and growing expertise in backend development. Currently learning Java, SQL, and Spring Boot, while continuously improving data structures and algorithms through coding practice on LeetCode.

## WORK EXPERIENCE

---

### Java Developer Intern - WHYPHY TECHNOLOGIES, SURAT

Jan 2026 – Present

Learned and applied core Java and OOP concepts during the internship. Assisted in developing and enhancing application features while strengthening problem-solving and programming skills.

### Junior Developer – Kautilyam, SURAT

Jun 2025 – Dec 2025

Worked as a Junior Developer and gained hands-on experience in Angular. Contributed to real-world projects by developing responsive user interfaces and applying frontend development concepts in practical applications.

## PROJECTS

---

### CruisePAL -

Contributed to the development of a live cruise operations management platform designed to streamline end-to-end workflows for operators and guests. Assisted in building and enhancing modern features to improve operational efficiency and user experience. Worked on scalable and flexible application modules to support diverse fleet requirements. Actively developed frontend components using Angular 14 in a collaborative team environment.

### GOV-INFO-PAY -

Developed an informational web platform aimed at spreading awareness about newly launched government schemes across the country. Designed a user-friendly interface to ensure easy access to major Indian schemes and related details. Focused on creating an educational and accessible experience for users. Built the project using HTML, CSS, and JavaScript.

## SKILLS

---

**Frontend** - Angular, Type-Script, Java-Script, HTML, CSS

**Backend** - JAVA, BASIC SPRING BOOT, MICROSERVICES, RESTful APIs

**Database** - My SQL, Microsoft SQL Server

**Tools** - IntelliJ IDEA, VS Code, Visual Studio, GitHub, Maven

**Problem-Solving** - 150+ Leetcode Solved, 3 Start and Silver Level on [HackerRank](#) .

## EDUCATION

---

**B.E Computer Engineering** : Pacific School of Engineering, Gujarat Technological University  
CGPA: 7.62 / 10

2021 – 2025

## ACHIEVEMENTS

---

Guinness World Records Certificate (Event by Gyanjyot Vidyalaya), Many more awards in sports
